

**\*OPT OUT INSTRUCTIONS\* - CHOOSE ANALOG !** \*Analog (non-digital) meters emit NO carcinogenic RF radiation, cannot be used for 'Time Of Use' billing, to track your daily routine, or remotely disconnect your service. (the 'non-communicating digital meter' CPS offers is NOT ANALOG)

1. CALL 210-353-4264 EMAIL: [meterexchange@cpsenergy.com](mailto:meterexchange@cpsenergy.com).

2. \*Google: 'CPS Smart Meter Opt Out Form'. Download, scan, & email back to CPS, (and if you can, also send registered mail )

3. \*Click on 'Alternative Meter Types' on the CPS Smart Meter Opt Out page. View Opt Out Meters: (A 'Standard Opt Out Meter' (digital) will be installed if you don't choose Analog.)

**\*CHOOSE ANALOG !** KEEP your existing Analog meter, OR if you have a digital meter, you can INSIST they replace it with Analog. If CPS says they are phasing out Analogs, OR they no longer offer them, DON'T take No for an answer ! There are NO state or federal laws requiring Smart meters, --or any digital meter ! (If needed, order an Analog meter here, and ask CPS to install it !)

<http://www.stetzerizer-us.com/Analog-Electric-Meter--Watthour-Meter>

4. At the top of the OPT OUT FORM, in a blank space, WRITE: "KEEPING ANALOG METER" – OR, if you want your digital meter replaced with Analog, Write: "ANALOG METER ONLY." CPS Energy refuses to update the Opt Out form with a check box for Analog meter, adding to the confusion !

5. Get email confirmation that you opted out: [meterexchange@cpsenergy.com](mailto:meterexchange@cpsenergy.com)

6. Tape a note on your meter: "DO NOT INSTALL SMART METER" – ' I OPTED OUT' and sign it – But A Note On Your Meter is NOT enough ! Follow OPT OUT instructions above !

**\*(if you own or rent a multi family dwelling, (condo, townhome, apartment, etc.) you're at the mercy of CPS's opt out policy) It's VERY important that you contact your local & state elected officials to voice opposition to these unfair opt out policies. Contact your elected reps:**
